RE: Information Request No. 1 and No. 2

Dear Mr. Gardner,

Thank you for your public record request No. 1 submitted February 1, 2015, with the clarifying letter dated February 9, 2015 and the phone call on the same day. To fulfill this request, I have copied the literature from the SETT's reference file onto a thumb drive for you to pick up at your convenience. Please let me know if you prefer that we mail this thumb drive to you, which we will do at your shipping expense. This thumb drive contains all the electronic documents that are in the SETT's custody that are referenced in your attachments 1-14. Please note that while this file contains many of the documents referenced in the *2014 Nevada Greater Sage-Grouse Conservation Plan* and the Conservation Credit System Manual and HQT, other reference documents are available in printed form at the SETT office, including those documents that you provided the SETT in paper format. These documents are available for viewing at my office anytime upon appointment, or we can make copies and mail them to you at your copying and shipping expense. In addition, other reference documents requested are not in the custody of the SETT because they were accessed via online sources. Those documents can be accessed via online publications.

Per your public information request No. 2, I have provided all responsive documents in response to request No. 1. It is not appropriate for the SETT or any Department head to make a determination, as you requested, as to whether any of the documents provided in request No.1 indicate that the findings of the Rural Heritage Preservation Project are correct or incorrect.

Thank you.

A handwritten signature in black ink, appearing to be "Kacey KC", written over a horizontal line.
