

State of Nevada Sagebrush Ecosystem Program

CCS DOCUMENTS UPDATES

December 2024

NEED

- Many remnants of old policy that are no longer valid
- Add clarity and step by step processes
- Document internal processes
- Add due dates
- Reformat into a more readable flow and an easier to edit template
- Make ADA compliant

MAJOR CHANGES

- Yellow highlighted areas are to change based on decision from the last agenda item
 - Clarity added for version control, competing land uses, and finalizing debits
- Green highlighted areas are new changes from the last SEC meeting
- Manual and User's Guide:
 - Verifiers' duties and requirements explained
 - Updated language to match regulation language
 - "Adaptive Management" changed to "Programmatic Improvements" to avoid confusion with actual Adaptive Management Process
 - "Synthesize Findings" removed as already incorporated into Programmatic Improvements process and Semi-Annual reporting

ADDITIONAL REFORMATting

- Add in wording to document to reflect the decision made in the last agenda
- Add in any wording changes from this discussion
- ~~• Recreate template to erase formatting that we are unable to change~~
- Minor formatting/citation/cross-referencing or grammatical changes as found
- Ensure full ADA compliance
